

Classic Trawler 55' *Concept*

This classic Trawler-styled *Coastal Cruiser* features:

- Designed with economy in mind, top speed about 15 kts @ 61hp.
- The window profile can be changed to suit you, larger, smaller, angled?

The paint scheme may be what you design and the color you want, all at no extra charge.

It's a beautiful home on the water at 50'-65' long. It's your waterfront cabin you can take to the San Juan Islands or up the inside passage to Alaska.

It's a coastal cruiser which can run on lakes, in bays and inland waterways. It's transported easily.

It's about half the price of a production motoryacht.
It's your custom, *Coastal Cruiser* with many
amenities offered as standard features!!!

The interior floor plan is also up to you and can be rearranged to accommodate your needs at no extra cost. On our site, you can click on cabinets under the [Amenities](#) and find a complete line offered.

Each *Coastal Cruiser* is built custom for each client.

The 14' 11" wide models are designed for low cost transportation. They straddle most transport trailers and require minimum piloting. The fly bridge and upper deck area remove very easy. When reassembled everything just plugs back in.
