

Pedigree Cats Inc.

Pedigree Cat 65

Styling by Phil Aylsworth

This design offers versatility in performance, accommodation layout, and construction options, while featuring sea-kind hull shapes. This cat is capable of 12 to 15 knots under sail comfortably and economy motoring at the same speed with a top motoring speed of about 18 knots. The fly-bridge type styling, allows the cockpit to be flush with the main salon bridge deck. Pilot and co-pilot will have a good view while under way and the passengers will have a large aft deck for comfort.

Specifications		
Length Overall	65'0"	19.85m
Beam Overall	36'	11m
Draft	4'	1.22m

LAYOUTS

Although a possibility is shown below, you can customize your new Catamaran with the layout you design. If you would like to move the kitchen, or make the living room larger, it can be done. The design would only need to fit within the parameters of the hull and structural bulkheads.

This possible plan has 4 staterooms, with 4 heads and luxurious tub/showers between them in mid-hull. There are changing areas, wardrobe spaces, plenty of individual sink areas, and lots of open space that works well with acrylic or glass dividers and doors. Sliding pocket doors are frequently used to allow the open feeling without having the open, swinging door in the room taking up space.

The port aft stateroom is turned and extended under the cockpit deck, it opens forward in the port hull to a spacious sitting/dressing area. Going forward there is a head, shared tub/shower, return steps to bridgedeck, and the forward stateroom, which includes room for a desk/workstation.

The starboard aft stateroom is on two levels, the far outside (hull) section is lower (to the hull floor), with steps leading up to bridgedeck level. The head, tub/shower, and dressing areas are in the hull, the bed is raised to bridgedeck level and entry is from either the salon or the starboard hull. Forward is another stateroom and head, similar to the port side. The starboard aft section has room for further storage, nav station or other room with entry from cockpit.

The salon features a raised galley with small bar, a formal dining area, entertainment area, and space to port for nav stations, etc
