

Pedigree Cats Inc.

Tri-Star CAT 51'

This Cat 51 is an elegant cruising or charter catamaran, designed for the owner desiring a spacious, enjoyable sailing catamaran. The spaciousness of the bridge deck allows for numerous layouts designed by the owner. The accommodation plan shown may be used for a great charter catamaran as each queen size stateroom has it's own shower and head. The mast station structural bulkhead may partition the bridge deck off forward or the bulkhead may be open allowing those sitting in the lounge area to have the same large view forward as they do when looking to port or starboard. To compliment the spacious interior accommodations CAT 51 has two large cockpits. The inboard cockpit has a large steering station and a seating area that may be set up for dining. The two outboard cockpits may also be set up for dining, allowing all the guest to dine on deck.
